

CoreLogic Credco

Specialized Credit Reporting & Risk Mitigation Solutions

For over fifty years, CoreLogic Credco has been the leading provider of specialized credit reporting and risk mitigation solutions. Combining extensive industry expertise, the latest technology, and access to one of the world's largest consumer and business databases, we have a proven track record for creating powerful, innovative solutions to reduce risk and improve business performance at your dealership.

Seamless Integration

CoreLogic Credco is integrated directly with more than 50 dealer sales and finance platforms. Seamless integration means you can conveniently order one, two or all three bureaus from a single source, and receive credit information and scores in multiple format options.

Data Security & Compliance

As an industry leader, Credco is committed to data security and compliance. We have a variety of innovative compliance solutions designed to streamline your F&I processes and help keep you compliant with applicable laws and regulations. These include OFAC Screening, Safeguards Rule, Credit Disclosures, Red Flags Rule and the FACT Act. And because we have on-site and off-site backup and disaster recovery capabilities, we have a proven systems uptime that ensures an uninterrupted transfer of the credit information you need.

Red Flag Compliance

The Red Flags Rule requires your dealership to implement an Identity Theft Prevention Program. Credco's Red Flag Solution – a comprehensive offering of data, process and reporting tools – offers everything you need to help you maintain compliance and minimize fraud risk. We offer free risk assessments to dealerships to help customize a program to best fit your needs.

Dedicated Customer Service & Training

For the past half century, Credco has built a reputation on consistently delivering unsurpassed customer care and technical support. As a Credco client, you will be assigned to a dedicated team of FCRA-certified credit specialists for assistance. Credco provides convenient access to technical support 7 days a week and FREE systems training to help you leverage our credit information solutions to maximize your competitive advantage.

For more information, contact a CoreLogic Credco Specialist at (800) 539-7659 or via email at autosales.crd@corelogic.com.

FUEL YOUR
BUSINESS.
